

Prospector Resource Sharing Meeting 2023

Prospector Update 11-8-23

Rose Nelson

Prospector Coordinator-Assistant Director

CO Alliance of Research Libraries

Agenda

- General Updates
- Prospector Modernization project
- Prospector by the numbers
- Open RS

Migrations and Additions

- University of Wyoming migration to Alma rejoin through D2IR connection
- CU Boulder migration to FOLIO-rejoin 2024 through D2IR connection
- AspenCat libraries on Koha connecting through D2IR

INN-Reach Modernization project

- Innovative moving all INN-Reach systems from Millennium to Sierra
- Prospector slated for March 2024
- Includes main server and RSB servers.
- Alliance to purchase new database server and RSB servers
- Minimal downtime 5-6 hours
- Mainly affects Central administration and RSB libraries-switch from Millennium clients to web based Sierra clients
- No changes to Encore or WebPac Classic

Prospector by the numbers: fulfillments

Top 10 Borrowers

Top 10 Lenders

Database Statistics

- Over 15 million bib records
- Over 33 million item records
- With MOBIUS access to over 60 million items
- Almost 64% of items are unique-held by one library

Ebook Lending

- Makes up the majority of digital lending requests
- Mainly Springer publishing
- Also some Elsevier and Taylor & Francis
- Content-STEM, medical,
- Over 59K Springer books alone

Ebook Lending Basics

- Lending library sends email to borrowing library-passes onto patron
- Publisher ebooks-Springer, T&F, Elsevier are hosted on Hightail
- Swank-smaller collection of popular videos only available to academic patrons per license agreement
- Items can't be renewed and all have DRM-expire, except for Springer
- Springer-keep PDFs-perpetuity-never expire

Open RS

- Division in the Project ReShare community lead to Open RS
- Open RS better solution for mixed environment of public & academic
- MOBIUS plans to move to Open RS in 2024
- We will be joining the Open RS community-attend meetings, some say in development
- Plan to move in 2025
- More details to come
