## SWIFT

SWIFT, formerly known as Statewide Interlibrary Loan Fast Track, is a statewide interlibrary loan (ILL) service for libraries of any size or type, allowing patrons to search and place requests for materials located throughout the state of Colorado. The service was originally launched using the OCLC VDX software in 2000 but as of January 1, 2021, the service migrated to Innovative Interface's INN-Reach software, joining the [Prospector service](#) of the Colorado Alliance of Research Libraries. The SWIFT/Prospector merger will include close to 200 Colorado libraries, comprised of academic, public, correctional, and special libraries. For more information, check out our [SWIFT information site](#) or contact [SWIFT-Support](#).

## Welcome to SWIFT

SWIFT, formerly known as **Statewide Interlibrary Loan Fast Track**, is a statewide interlibrary loan (ILL) service for libraries, allowing patrons to search and place requests for materials located in member libraries throughout the state of Colorado. The service was originally launched using the OCLC VDX software in 2000 but as of January 1, 2021, the service has migrated to Innovative Interface's INN-Reach software, joining the [Prospector service](#) of the Colorado Alliance of Research Libraries. The SWIFT/Prospector merger will include close to 200 Colorado libraries, comprised of academic, public, correctional, and special libraries.

## State Statute:

SWIFT was first brought to Colorado through state statute and is part of Colorado Library Law: Part 3: 24-90-302 Colorado Virtual Library – creation – components – access.

The library (CVL) shall have the following components:...

- (a) A connection to the online-catalogs of the holdings of Colorado libraries;...
- (e) An interlibrary loan system facilitating resource sharing throughout Colorado:...
